

## Key Highlights of the Explore Art History Game:

- **Dual Purpose:** It serves as an educational tool in art history and a brain training app, enhancing visual recognition and memory skills.
- **Support for Parkinson's Disease Research:** The app is designed to support the fight against Parkinson's Disease. It includes a feature for voluntary donations directly to research efforts.
- **Created by a Retired Software Engineer Volunteer:** Showcasing the power of experienced individuals in retirement using their skills for charitable causes.
- **Fosters Art Appreciation:** The game is tailored for adults and children, promoting art appreciation across ages.
- **Conversation Starter:** It equips art novices with enough knowledge to engage in meaningful discussions with art enthusiasts, making it an excellent tool for social settings like first dates at art museums.
- **Diverse Art Collection:** Featuring a rich array of artworks from notable and obscure artists alike, the app includes historical art from Europe, Asia, and the Americas, all sourced from the public domain collection of the Art Institute of Chicago.
- **Beta-Tester Endorsement:** A beta-tester was so inspired by the game that they planned an extended visit to the Art Institute of Chicago to view the artworks in person
